

Treasury Department,

Bureau of the Mint,

Washington, D. C., May 18, 1899.

Mr. Frederick Grant,
No. 102 Fulton Street,
New York, N. Y.

Sir:

Replying to your letter of May 16th, I would say that the law forbids photographing the money or obligations of the country and it is therefore impossible to comply with your request for a sketch or photograph of the design for the new Lafayette silver dollar. One side of the coin will have the heads of Lafayette and Washington, the other side, a design of the monument to be erected in Paris. Any information you may want as to the design of the monument can be obtained by addressing Mr. J. Thompson, Secretary of the Lafayette Memorial Commission, Auditorium Building, Chicago. If you wish to know the historic portraits from which the heads are made, you should address the Superintendent of the Mint at Philadelphia.

Very truly yours,

Director of the Mint.
